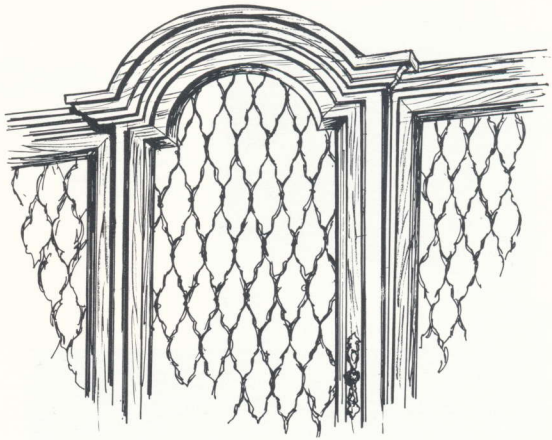
Century

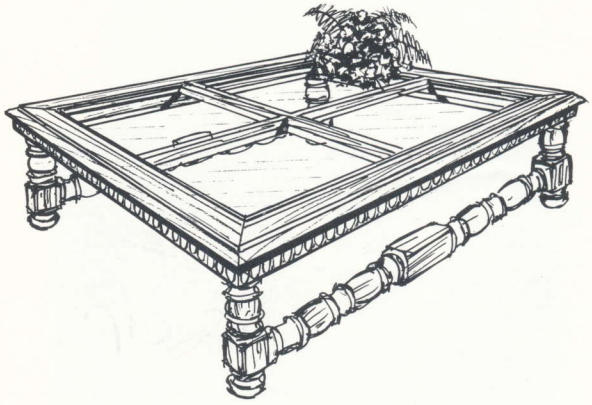
Cortez Century combines their superb craftsmanship with Ray Sobota's bold and dramatic design to give you a stunning collection of dining room, bedroom and living room furniture. The resulting masterpiece is further enhanced by a blending of Mediterranean and Mexican influences. The details are heavy but the scale is moderate. The wood is oak, in a medium shade of greyed brown. There are six decorative finishes . . . antique white trimmed with either Olive Mist, Azure or Maize . . . and the reverse. The symmetrical block design is used throughout the collection, yet there is no monotony.

You can be assured that you will have, as always, the top quality Century construction.

The impressive Spanish style is especially in evidence on the deep shadow paneled doors and drawers. Note the decorated end panels, a feature seldom found today. There's plenty of convenient storage space in handy compartmented areas, too!



Exciting Spanish design features artistically wrought brass hardware and a light, airy, Moorish style grille. You have a choice of styles in each buffet, one with all doors and one combining doors and drawers with canted fronts.



Cortez reflects the Latin spirit of hospitality to create warmly inviting rooms for you. Of great interest—are the cocktail tables with a symmetrical block effect under the glass inset tops, the sturdy turned legs and stretchers.
